

COLOR CORRECTION RELEASE FORM

I acknowledge that my natural hair color pigment that has been bleached, dyed, or otherwise altered by any type of product/chemical has been done by myself at home or in another salon. This has resulted in a color correction service. I acknowledge that the color correction sessions that I am having done to my hair can further damage it.

I will give all hair history information to my stylist, and know that if I don't be honest about what my hair has undergone, that major complications in the color and hair can occur.

Alexsis Mae will perform the color correction service with the understanding that the damage and any color or chemical processes occurred to the clients hair before the client came to Alexsis Mae, and she is not responsible for that damage. Since the hair is previously processed and possibly damaged, color correction may not be 100% achievable to total satisfaction to the client. In fact, it might take more than stated number of visits to accomplish, if possible, the desired results. Alexsis Mae will try to achieve the results desired to the best of her professional ability.

Alexsis Mae charges a color correction fee of \$125 per hour, and it is non-refundable. Each session will be separate charges. This is non-refundable.

I understand that Alexsis Mae will recommend at home hair care products to help maintain my hair color, and the overall health of my hair. If I decide to not purchase these products I am acknowledging that my color may not stay in the same condition nor my hair as healthy.

If the client is under 18, a parent guardian must authorize color correction services with a signature.

Client Signature _____ Date: ____/____/____

Alexsis' Signature _____ Date: ____/____/____

Parent Guardian Signature _____ Date: ____/____/____
